FAMILY REUNION

In celebration of twenty years of surrounding students with a community of supports, CIS of Kalamazoo is hosting a family reunion style event.

This event welcomes all current and former CIS students, families, donors, volunteers, partners and staff to join us for music, networking, food and fun! There will be information and activities for all ages, from games to college information, community resources and more.

Supporting CIS of Kalamazoo

Communities In Schools of Kalamazoo (CIS) is an affiliate of a nationwide network of passionate professionals who are working in schools, assessing needs, and coordinating supports for students. We currently serve nearly 12,000 elementary, middle, and high school students in 22 schools across Kalamazoo.

We collaborate with school-based teams to understand the school and students' needs to deliver resources directly to students. Resources like: tutoring, dental and vision care, mental health services, food support, after-school programming, career exploration, and much more.

CIS addresses the most vulnerable students in a unique way. We ask the question, "What is preventing this student from coming to school ready to learn?" The ways we respond are as unique as each child. Our work unlocks student potential, and breaks down barriers preventing them from achieving success.

CIS is recognized as a national leader in student drop-out prevention, ensuring that future generations are empowered to succeed.

CIS has been embedded in Kalamazoo schools for 20 years! With your help we can continue supporting youth in our community.

In the past 20 years, over **1.8** million CIS service hours supported students.

An average of **287** individuals volunteer through CIS every school year.

Over **303,000** volunteer hours have supported students through CIS over the past 20 years!

Last school year, **99%** of CIS supported students remained in school!

20 YEARS

Integrated Student Supports

The Integrated Student Supports (ISS) model is our evidence-based model that places one or multiple professionals (called site coordinators) into 22 Kalamazoo schools.

Our model is designed to bring resources from our community into the school, where students may benefit from them. Our coordinators, with the help of school staff, identify students who need supports the most.

We believe every student needs and deserves a one-on-one relationship with a caring adult, a safe place to learn and grow, a healthy start and a healthy future, a marketable skill to use upon graduation, and a chance to give back to peers and their community.

Our goal is to sustain and expand the programs we offer for another 20 years and beyond. We plan to deepen our supports to students, ensuring that even more of them stay in school and graduate on time, ready for college or career.
